

Leadership Opportunities - What about you?

As Camp Wendake matures as an organization the General Committee has been working hard to become clear, accountable and equipped to prepare new leadership for changes and growth. A committee has been recruiting potential Board members to do the governance work of the camp, and a new Board will begin their work in September. Job descriptions for the Operational positions have also been established and operational work will separate out from the governance side of the organization.

In order to plan for smooth operational transitions, we would like to share job descriptions with any one who expresses an interest in any of those positions posted below. We anticipate that some of these positions will be available for the 2008 camp season. Determining who may be interested could allow for some learning opportunities this summer for potential successors. Please let us know if you are interested in any of the following positions:

Camp Director, Staff Director, Registrar, Spiritual Director, Program Director

All of the positions involve a year round commitment with specific periods which are more labour intensive. However, this is very rewarding work and it is awesome to experience its culmination during the week when campers and staff come together! Please RSVP by mid August to either Pam Hill or Kate Delaney. A copy of the relevant job description will be forwarded on receipt of your expression of interest. Please feel free to forward this call for application within your broader communities.

Pam Hill - Chair of the Interim Board / Steering Committee. —pamhill61@hotmail.com

Kate Delaney - Camp Director. —katedelaney@sympatico.ca
